

**SCOPE OF SERVICES**  
**DESIGN SERVICES – QUESTIONS & ANSWERS**

M-153 at Beck Intersection Improvement  
JN 104437C

Question 1: One of the secondary prequalifications listed in this RFP is “Traffic Signal Operations.” Can you please clarify if that will be Simple or Complex Traffic Signal Operations?

**Answer 1: The RFP has been revised to include Complex Traffic Signal Operations.**

Question 2: What has been studied and what the recommended improvements look like?

**Answer 2: The study completed at the intersection has been placed on the MDOT FTP site and can be viewed using the following link <ftp://ftp.michtrans.net/JN 88407/>.**

Question 3: Can we get as-built plans of the intersection?

**Answer 3: Available plans will be provided to the selected consultant during the scope verification process.**
